Statistics I
Statistics II
Laboratory Animal Science
Experimental Veterinary Seminar
Laboratory Animal Science Practicum
Environmental Biology I
Environmental Biology II
Microbiology I
Microbiology II
Microbiology III
Microbiology Laboratory

Specialized subject

Histology I
Histology II
Pharmacology I
Pharmacology II
Pharmacology III
Introduction to Pathology
Specific Issues for Pathology
Parasitology
Nutrition
Animal Infectious Disease
Animal Reproduction
Veterinary Clinical Science I
Veterinary Clinical Science II
Veterinary Clinical Science III
Veterinary Clinical Science IV
Veterinary Clinical Science V
Veterinary Clinical Science VI
Animal Clinical Seminar
Animal Clinical Training I
Animal Clinical Training II
Public Health I
Public Health II
Public Health III
Public Health IV
Public Health Seminar I
Public Health Seminar II
Animal science I

Animal science II
Reading foreign academic journals I
Reading foreign academic journals II
Reading foreign academic journals III
Reading foreign academic journals IV
Social Education
Museology
Museum Management
Materials and Data in Museum I
Materials and Data in Museum II
Conservation in Museum
Exhibition in Museum I
Exhibition in Museum II
Education in Museum
Information & Media on Museum
Museum Practicum
Animals and art
Animals and music
Basic Practicum I
Basic Practicum II
Breeding Practicum I
Breeding Practicum II
Breeding Practicum III
Breeding Practicum IV
Special Seminar
Extracurricular activity
General Seminar I
General Seminar II
General Seminar III
General Seminar IV
Undergraduate Thesis

Basic subject

University core courses

English common

English I
English II
Information Education
Information Technology Literacy
Information Processing Exercise
General Education
Career Education
Communication Theory
Quality of Life and Human Dignity
Study on Himuka (Miyazaki) Area
International Health and Welfare
Volunteer activities

Department core courses
